

# 2017 El Paso Electric SCORE® Executive Summary

**924 MORE TEACHERS** or **864,428 MORE BOOKS FOR STUDENTS\***

That's the impact the SCORE Program has had on El Paso Electric's Texas service territory. The SCORE Program is directed specifically at schools and local governments to help them reduce operating costs and save energy.

Next to payroll, energy is often the biggest line item on a school's budget. El Paso Electric designed the SCORE Program to give schools and local governments the technical and financial resources necessary to reduce energy spending and direct more of their budgets to students, teachers and the local community.

The SCORE Program provides you with the resources to identify energy efficiency opportunities and convert them into savings. Based on your individual needs, the program will provide customized assistance such as:

- **INCENTIVES** Earn \$240 for every kW saved. Potential qualifying projects:
  - Lighting systems
  - HVAC systems
  - Cool Roofs
  - Lighting/HVAC controls
  - Pumps & motors with VFDs
  - Custom projects (chillers, etc.)
- **TECHNICAL ASSISTANCE** to help identify and evaluate energy efficiency opportunities.
- **COMMUNICATIONS SUPPORT** to help publicize your leadership and accomplishments in energy efficiency.
- **BENCHMARKING** to review and compare energy performance to gauge buildings' effectiveness.
- **ENERGY MASTER PLANNING WORKSHOPS** to evaluate benchmarking data, quantify achievable goals and prioritize efficiency efforts.
- **FINANCING RESOURCES** to learn about available options to finance energy efficiency projects that reduce upfront costs.

Please contact El Paso Electric or CLEAResult should you have any questions or need additional information. We look forward to helping your organization save energy and money.
